From St. Joseph, MO: US Hwy 36 West to Hiawatha, South on US 73 five miles.

TERMS & CONDITIONS

1. BIDDING: Each animal will be sold to the highest bidder without reserve.
2. BIDDING DISPUTES: The auctioneer in charge will settle, and his decision on such matters shall be final.
3. TERMS: terms of this sale are cash or check, unless prior arrangements have been made with the management. No animals will be permitted to be removed from the premises until settlement is made.
4. PURCHASER'S RISK: Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for after the sale without cost to the purchaser for a reasonable and customary periods of time, but at the purchaser's risk as to loss or injury, and will be loaded according to the purchaser's direction without cost to him.
5. CATALOG CHANGES: Any changes from the information printed in this catalog will be announced from the auction block at the time the animal is sold and such announcements shall take precedence.
6. CERTIFICATE OF REGISTRY: A certificate of registry will be furnished for each animal sold, except as noted in this catalog. The cost of transferring ownership will be paid by the seller, except where noted in catalog.
7. MANAGEMENT: The management acts only as agent for the seller and does not assume any liability, legal or otherwise, for the animals' health or future usefulness. All adjustments and guarantees, if any, must be made between the purchaser and seller.
8. LIABILITY: All persons who attend the sale do so at their own risk. Bittersweet West and the management assumes no liability, legal or otherwise, for the safety or behavior of the animals.
9. GUARANTEES: Cows represented as being "safe in calf" are considered breeders without further guarantee. All open females sell as guaranteed breeders. In an event a female is claimed to be a non-breeder, after having been bred regularly to a bull known to be a breeder, the matter must be reported in writing. Heifers under twelve months must be reported in writing before the heifer reaches eighteen months of age. The seller shall have six months to prove said animal. Any female that is subjected to hormonal or surgical reproduction techniques shall cause this guarantee to be null and void. At no time shall the seller be liable for more than the purchase price. No guarantee is given that heifers will deliver a live calf. Breeding age bulls sell with semen test. Bulls not of breeding age will be guaranteed to be breeders if managed properly.
10. HEALTH: All cattle in this sale are in excellent condition and health. Where needed, health certificates will be furnished for shipment in the continental US.

Welcome to Ladies Nite Featuring Bittersweet West's Heart of the Herd Dispersal!

Welcome from our family to your family. Welcome to our 16th production sale with our guest consignors and friends. As I was putting this catalog together, I stopped and reread a few of my past letters. My wife, Debbie, assured me none of them were Ronald Reagan speeches.

But, in our last sale, I mentioned that Salers are essential workers. I truly believe that. Of all the breeds of cattle you can choose from, the Salers female is out there doing her job for many years and is always easy to work with and brings in a pay weight calf.

We have always believed in selecting our replacements from the ground up with EPD consideration. This year the Salers breed started their Genomic enhanced EPD program. I think we have to put this tool in our tool box. Many of our females have been tested.

This was a bittersweet decision to sell our mature cows. Debbie, the grandkids and I will keep fifteen open, bred and first calf heifers. The grands are growing up and involved in many activities which prevent them from coming to the farm as much as they have in the past. They have been great help plus fun to have at the farm. Like I said, we are not quitting or retiring. Debbie and I don't know that word. But I do know that a few Salers females will always graze in our grass.

Please join us November 4, 2023 at the farm. If time prevents you from attending in person, please join us on LiveAuctions.TV

Sincerely,

J.R. & Debbie Adcock 785-547-6781

Remember... The Junior National will be held in late June 2024 at McPherson, KS. Hope to see you there!

- Sometimes you don't know what you have until you open your eyes and look around you. We used this cow as a recip and then realized what we were truly missing. We flushed this cow and kicked ourselves for not doing it sooner. Don't be scared by her age. This female has many years left in her. Last year, Larry Wright purchased a bull in the National Sale out of her. She is really a high quality donor dam that sells. Thank you to the Slusher family from Southern Eagle Ranch for giving us the opportunity to purchase this female in a previous Ladies Nite sale.

- This female was purchased out of a previous Ladies Nite Sale from TB Salers. This female's show career was full of winnings for Kaylie with her biggest highlight being the 2016 National Champion Percentage female. Her first calf was a female that went on to be named the Reserve National Champion Percentage female. Since then, she has produced many calves that have also done some winning in the show ring such as raising the 2020 Champion Steer at the Salers Junior National and at the Lyon County Fair, plus the 2023 Reserve Champion steer at the Lyon County fair who also graded prime and had champion carcass. We are retaining her heifer calf from this year in our herd, but she has proven genetics for an outcross in someone's herd.

- 13D is a Tiana daughter that goes back to AJP Tiana 2218A, who has been one of the foundation cows for our herd. 13D's show career started when she was a calf and won Grand Champion Cow/Calf pair in 2016 in Grinnell, IA at the Salers Junior National. Then she was named Reserve Champion Cow/Calf pair at the 2018 Salers Junior National in Jonesboro, AR.
- She has produced many calves with one of them being KJM Ferdinand 801F, a 2 time Junior National Champion and 2 time American Royal Champion for Karsen McKay. We think highly of this female and have even flushed her in the past. She is definitely a donor quality female.
- We have kept females in our herd and she has a daughter that sells as Lot 16 and has a bull calf nursing her that sells. Also a full sibling sells as Lot 21 and a yearling son sells as Lot 32. Sells open.

Lot 24A – Polled 7/8 SA, 1/8 XX black bull calf, KJM Earls Love is Blind 328L (P757016), calved 8/21/2023, adj. BW 70 lb., tattoo KJM328L, sired by NCS HA Earl 701E.

Mclver's Happy Acres Semen Tanks & Inventory

Selling choice of semen at a per unit price. Successful bidder may select one or more bulls, but must take all the semen in any bull selected. After "choice" sales of semen have concluded, each tank will then sell (including any remaining semen in that tank). These are good tanks that have never been dry.

In truth a family is what you make it. It is made strong, not by the number of heads counted at the dinner table, but by the rituals you help family members create, by the memories you share, by the commitment of time, caring, and love you show to one another, and by the hopes for the future you have as individuals and as a unit.
 – Marge Kennedy

The family with KM Earls Jordon 121J, 2022 Denver Spring Calf Champion. Selling a flush on his dam as Lot 17.

...and Debbie is the glue that holds the family unit together.
