*It is a true honor to celebrate this milestone year with you. Our first “National American Sale,” boldly promoted as Red & Rugged, was held Jan. 22, 1976, at 7 p.m. in the Denver Stock Show sale arena. That evening marked the start of a tradition that has shaped our breed for five decades. With the exception of the year missed during COVID, this sale has been held every year—each showcasing elite genetics and the unwavering passion of Salers breeders.*

*The excitement that surrounded the breed in 1976 continues, fueled by cattlemen and women dedicated to progress. This sale remains our only membership event where every live lot sells with genomic-enhanced EPDs, ensuring buyers have the most accurate and dependable data available. Simply put, this is where confidence meets opportunity.*

*We are pleased to introduce a refreshed and more engaging schedule. Festivities begin Jan. 11 with the pen bull show in the morning. The sale cattle display will be by the ring at 12 p.m. At 1:00 p.m., we will proudly host the 50th National Salers Sale in the main sale arena. Immediately following the sale, join us for our annual meeting, the Junior Association auction, and an evening social—an ideal time to connect with fellow breeders and enjoy the camaraderie that defines our breed. The celebration continues the next day with the National Show.*

*I’ve always appreciated the timeless insights of Will Rogers, whose words mirror the spirit of our breeders. He once said, “If you want to be successful, it’s just this simple. Know what you are doing. Love what you are doing and believe in what you are doing.” This year’s 50th anniversary offering represents not only outstanding cattle, but also a chance to invest in the future of a breed shaped by people who know, love, and believe deeply in what they do.*

*We look forward to welcoming you Jan. 11 as we celebrate 50 years of excellence, dedication and progress. If you have questions, contact me or Dean Pike. For those unable to join us in person, the sale will be broadcast live on LiveAuctions TV.*

Sincerely,  
J.R. Adcock

- What an opportunity! Sired by 2 time Grand Champion Bull at the 2024 & 2025 National Show in OKC and the Grand Champion at Farmfair International 2023 & 2024. Kayo 581K was one of the most talked about bulls at every show he attended. He's building a bigger legacy with his progeny.
- The top-selling Canadian Female in 2025 was his paternal sister, TSC Nala 523N, commanding \$20,000 from Sky West Salers, Bar D Ranching and Scattered Spruce Salers after she and her dam were named Grand Champion Female at Farmfair international 2025.
- This is the first Kayo bull calf offered for sale. He is a standout. TSC No Regrets has been impressive since birth. He is out of a beautiful three year old black cow with an exceptional udder, my top pick from the scat-

- Sired by the 2020 National Champion, Mojo catches your eye and keeps it. He is powerfully built with extra width and muscle, clean up front, sound on the move, and extremely docile. Judge Cody Doubet said at the American Royal, he is a "... square made genuine made bull that's genuine in the shape of his forerib with plenty of power off either end of his skeleton. And when he's stopped he balances with a masculine style..." Don't let his extra power scare you, his actual CED is a 14.6. His dam is a true cow-maker with a flawless udder and the kind of maternal qualities you want to build a herd around. Mojo was division winner at the Royal, and was Grand Champion at the NAILE weighing 1,440 lb at a year. Mojo has look, power, and proven winning genetics Plus, he's homo black and polled.

- A Red Polled open female sired by JSR Cosmic 241K (752222) out of SE Ms Queen Violet 49E (720374). This heifer has already made headlines at the NAILE where she took home the Junior Heifer Calf Division Championship. Judge Ty Bayer said, "This red heifer has the bone and capacity to become a great female." A female with a sweet disposition, she carries the EPDs to be a herd asset if upper level growth values are your goals.

- Monte has consigned the anchor heifer of their pen for the 2026 Cattlemen's Congress. This big middled, excellent footed February 7/8 Hurricane daughter puts together true brood cow elements, while adding that extra show ring presence that will make her excel in whatever route you want her to go. Whether it's to the back drop or the donor pen, this heifer is one to get excited about.

- A sound and functional female that exemplifies the breed's trademark structural integrity and gentle disposition. She's moderate in her frame, easy-fleshing, and bred for efficiency. This heifer would make a solid addition to any commercial or registered herd focused on maternal strength and low-input performance.

### Pick of the entire 2025 Calf Crop From Promiseland Cattle Co.

• Promiseland Cattle's first National Sale offering is the opportunity to select your pick of the entire 2025 bull and heifer calf crop, which consists of halfbloods, optimizers and purebreds. In our program, we demand exceptional dams with sound udders and strong feet. They balance maternal traits and performance along with phenotype. These calves mainly consist of natural and ET calves sired by WWCS Kayo 581K. He is a two time US and Canadian National Champion bull that has garnered the attention and praise from many astute cattlemen of other breeds. Your selection must be made by April 10, 2026. We would be happy to assist in any way with your selection.
