TERMS & CONDITIONS

Bidding - Each animal will be sold to the highest bidder. Any disputes will be settled by the auctioneer.

Terms - Cash or bankable checks. Settlements are to be made with the clerk of the sale immediately following conclusion of the sale. We reserve the right to require certified check.

Announcements - Announcements from the auction block will take precedence over printed material in this catalog.

Absentee Bids - Bids may be placed by contacting the Idaho Sales Association.

Health & Brand - A veterinarian and a brand inspector are available at the sale. Buyers are responsible to meet entry requirements for his state or country.

Buyers Risk - Seller retains all risk prior to sale. Upon being declared sold buyer assumes all risk thereafter.

Registration & Transfer - All animals with the exception of commercial pens of females, sell with registration certificates to be

transferred to the buyer. Pregnant registered females shall be the responsibility of the Seller, at his cost, to provide the proper papers to register the calf.

Delivery - Trucking is at the buyer's expense unless otherwise arranged. The association will make all attempts to assist with delivery.

Liability - All persons attending this sale shall do so at their own risk legal or otherwise and are responsible for their own safety. The association and their agents assume no responsibility for the failure of Buyers or Sellers to fulfill their obligations. By attendance at the sale or by consumption of any purchase, each Buyer and Seller agree to indemnify, defend and hold harmless the association and their agents for all claims, liabilities, damages and costs (including attorney's fees & expenses) arising out of or related to this catalog or the auction held in connection here within including all sales made as a result thereof.

JASPERSON CATTLE CO.

Home of problem free Salers Cattle

We have been raising cattle for 6 generations in Goshen, Utah and Salers cattle since 1984. We have been selling bulls at the Idaho Sale for more than 20 years. We focus on maternal traits, cattle that calve every year and bring a big calf home at weaning every year.

JBC Maverick 74K was 2023 Optimizer National Champion. His Dam, 16B, is a gold Dam and has raised 2 National Champions. The years she has been on the Sheep Rock mountains, she travels to the far side of the nearly 20,000 acre mountain pasture.

7 sons of 74K will be offered in this sale.

GGT Bulletproof 901F is the best Bull we have ever used. His calves have light birth weight and big weaning weights. His daughters make tremense cows. His sons are stout and are excellent breeders. His offspring have topped many sales and shows.

We are offering 5 sons and 5 grandsons in this sale.

OUR FAMILY, OUR CATTLE, OUR WAY OF LIFE.

<p>MacLariat 101L Sire: MacConnor 7C</p>	<p>JCGC Barron 401B</p>	<p>JBC Top Gun 31K out of GGT Bulletproof 901F</p>

Shane and Bobbie Clements are the owners of Lyman Creek Salers. When they were married in October of 1986, Shane had 40 head of Hereford cows. Later that year he learned more about Salers Cattle and began to crossbreed his Hereford cattle. After a few years of crossbreeding he decided to start a Herd of registered salers. They purchased a few yearling heifers from Shively's out of Mud Lake, Idaho, and some from Richard Lacey out of Drummond, Montana. Shane now has increased his herd to 65 head of registered Salers cattle; selling about 20 head of registered Salers bulls both private treaty at the ranch, and at the Idaho Salers Associate sale in Caldwell, Idaho. They run their cattle just East of their home in Rexburg, Idaho on private and State Property. Their private ground on Lyman Creek was homesteaded by Shane's great grandfather and has lots of family history. They have 4 children, Justin, Steve, Shayna, and Courtney, who all have been very involved with the ranch taking steers to the county fairs, going to junior nationals, FFA, 4-H and loving to show whenever they had a chance. Shane and Bobbie have enjoyed raising their family on the ranch and are now reaping the benefits of having 17 grandchildren to help and love along the way.

A special THANK YOU to all of our supporters and buyers.

This high-performing bull calf is AI sired out of MAC Atomic Force, and out of one of our premier cow families. With a low 72# birth weight, he is sure to be a good heifer bull. He is one you don't want to miss.

Camas Prairie Salers Luke & Debbie Lowe

Newly married in 1992, our adventure started with the purchase of two Salers heifers, selling our first bull in 1995 at the Idaho Salers Sale. Debbie's parents, Gary and Janell Willson of S & S Ranch, retired, and we took over the cattle and farming operation, making Debbie the fourth generation to run cattle and farm on our place. We bought 22 heifers and cows from a dispersal sale held by Gary Custer. We increased our herd by keeping heifers and selling bulls at the Idaho Salers Sale and locally. We purchased herd bulls from Skinner Ranch Seed Stock in Montana, Lyman Creek Salers in southern Idaho,

Jasperson Cattle Co. in Utah, Bill Helm in Montana, and McDonald Ranches in North Dakota. In 2016, we purchased a herd of fullbloods from B & B Livestock. In the fall of 2016, we also purchased the first of the Skinner Ranch Seed Stock purebred and percentage cows, buying the rest over

the next year. We kept the best of the best as registered cows and made the rest a commercial herd. In our commercial herds, we use Shorthorn and Angus bulls, keeping the mothers half or more Salers.

We are fortunate to be able to run cows and farm with our son, Willson Lowe, and his family, with great support from Debbie's parents, Gary and Janell Willson.

DLL Mills 07M has quite a maternal history. The SRS Juliet family is scattered throughout our entire cow herd - registered and commercial. Take a look.

McCoy Livestock Story

Our adventure with the Salers breed began in 1998 when we purchased Salers and Salers cross commercial cows from Sunken Canyon Ranch. Our first registered Salers heifer was purchased at the Idaho Salers Spring Sale from Wilson S&S ranch in 2001 and then a registered heifer at the Idaho Salers Sale from Lyman Creek Salers in 2001. Followed by purchasing of registered seed stock from GG&T and Whitham Salers. Our first registered bull was purchased from Anthem Valley followed by Aftershock, Matrix and many good sires through the years. The McCoy family has participated in the Idaho Classic Salers Bull and Female Sale since 2004. The McCoy's have also participated in the Salers Junior National Association and the American Salers Association. We have received Champion and Reserve Champion Honors at local and national shows. We have 80 head of registered Salers cattle. Bulls are available for private treaty and at the Idaho Classic Bull and Female Sale.

ReaLyn ended the summer show season at the Twin Falls Country Fair with many achievements. Including many class winners and Grand Champion Junior Showman. Pictured is Spike (3502) sired by MAC Khaki 63K. Spike weighed 1,388 and placed 12th overall out of 118 steers exhibited at the Twin Falls County Fair. He placed 13th overall in the carcass contest out of 73 steers.

We are a 4-H family where we believe that the success experienced in 4-H spills over into other aspects of life. Even though success in the show ring with quality and showmanship is important we also believe that the end product is the main goal. We understand that the final goal for raising steers is to provide an excellent product at the end. We want to share some carcass data of steers that have placed in the top end of over 70 steers in the past two years.
